YALE-CHINA ASSOCIATION

The Yale-China Association (雅礼协会) inspires people to learn and serve together. Founded in 1901 by graduates of Yale University, we foster long-term relationships that improve education, health, and cultural understanding in China and the United States.

WHAT WE BELIEVE

Yale-China's work is based on a set of central values:

- **MUTUAL RESPECT**—We value direct personal relationships and two-way exchanges characterized by mutual benefit, independence, trust, and understanding.
- **PERSONAL GROWTH AND RESPONSIBILITY**—We encourage participants and program alumni to become leading contributors to a more peaceful, just, and sustainable world.
- **PROGRAM FOCUS**—Relevance, Excellence, Impact, Innovation: We focus our work on regions and sectors where there is great need. We seek to implement high-quality programming with long-term impact and significant cross-cultural interchange.

RELATIONSHIP WITH YALE UNIVERSITY

While closely affiliated with the Yale community, the Yale-China Association is separately incorporated and administered and receives no financial support from Yale University apart from limited funds for projects involving Yale students and scholars and in-kind contributions.
